# COMPLETE THIS SECTION ONLY IF YOU HAVE MINOR BENEFICIARIES OR BENEFICIARIES WITH DISABILITIES

1. **GUARDIAN.** If you have minor children or a beneficiary with special needs, you should appoint a guardian, and a successor guardian. The guardian is responsible for the day-to-day care of the child or special needs

Name:	Relationship to you	Address (city, state), Phone:

2. **TESTAMENTARY TRUSTEE.** You may need a trustee to manage assets for beneficiaries until they reach an age when you believe they will be capable of managing assets on their own. A trustee can keep beneficiaries' money invested wisely and use it for their education, support, etc., until they reach the age specified for outright distribution of assets to them. The trustee can be a relative, friend, trust company, or other person or institution you trust to manage and distribute assets according to your wishes. The testamentary trustee can be the same person named as the guardian, or it can be a different person or an institution. Name an alternate trustee as well.

Name:	Relationship to you	Address (city, state), Phone:

**AGE OF DISTRIBUTION.** If you appoint a trustee to manage assets for beneficiaries, then you need to decide when the beneficiaries will be mature enough to manage assets on their own. The most common age picked by my clients seems to be 25, but you should pick an age with which you are comfortable. You may use any age or combination of ages that you choose.
